

## Safety Data Sheet

### Section 1 IDENTIFICATION

Product Name: <b>OOPSEY POOPSEY Spot Cleaner</b>	
Manufacturer's Name: <b>St. Gabriel Organics</b>	Emergency Telephone Number: <b>800 801 0061 Toll Free</b>
Address: <b>14044 Litchfield Drive Orange, VA 22960</b>	Telephone Number for Information: <b>540 672 0866</b>

### Section 2 Hazard(s) Identification

**EMERGENCY OVERVIEW:** This product contains no substances which at their given concentration, are considered to be hazardous to health. This product presents no significant flammability or reactivity hazards. Emergency responders must wear personal protective equipment suitable for the situation to which they are responding.

**Signs and Symptoms of Exposure: Not Known.** Exposure to liquid may result in irritation of the skin and/or irritation and damage to eye tissue. Ingestion may cause gastrointestinal upset.

**Inhalation:** Irritations of the upper respiratory tract and lungs may result from accidental or chronic occupational exposure to this product. Liquid may also cause lung damage when inhaled.

**Medical Condition Generally Aggravated by Exposure:** Not Known

**Possible Effects of Single Exposure:** Not Known.

**Eye Contact:** May cause irritation or damage. May cause impairment of vision or corneal damage. DO NOT PUT IN EYES

**Skin Contact:** Not Known. May cause skin irritation.

**Ingestion:** Not Known. May cause discomfort, irritation of the gastrointestinal tract.

### Section 3 Composition/Information in Ingredients:

Hazardous Ingredients:	CAS NO.	%W/W	OSHA PEL/TWA:	ACGIH TLV/TWA	NIOSH REL/TWA
This product contains no substances which at their given concentration, are considered to be hazardous to health.	NA	NA	NA	NA	NA

### Section 4 First Aid Measures

**Eye Contact:** Flush with copious amounts of cool water for 15 minutes. If irritation or discomfort persists, call a physician.

**Skin Contact:** No general concern. Wash with soap and water.

**Inhalation:** Blow nose, rinse mouth, drink water to clear throat. Remove to fresh air.

### Section 5 Fire Fighting Measures

Flash Point: NA	Method Used: NA	Autoignition Temperature: NA	LEL: NA	UEL: NA
Extinguishing Media: any	Special Fire Fighting Procedures: NA	Unusual Fire/Explosion Hazards: NA		

Hazardous Decomposition Products: Acid Vapors, Carbon Dioxide, Carbon Monoxide

### Section 6 Accidental Release Measures

**In case of spill:** Mop with water, or use granular absorbent material, sweep up and transfer to a closed container, or vacuum with equipment designed for liquids. Transfer solution from any broken bottles to new bottles. Wipe area with damp rag.

**Waste Disposal Method:** Bury as non-toxic waste in an approved landfill.

### Section 7 Handling and Storage

**Work/Hygienic Practices:** Avoid vigorous shaking of bottles. Clean clothes with vacuum hose, not by blowing off. Wash hands before taking food. Appropriate PPE should be used.

**Handling and Storage:** Use techniques that minimize spilling. Keep container tightly closed in a cool, well-ventilated area. Do not store above 30°C (86°F).

### Section 8 Exposure Controls and Personal Protection

**Ventilation and Engineering Controls:** Use with adequate ventilation to prevent inhalation of vapors. Manufacturing operations should be directed at minimizing the generation of aerosolized vapor. Eyewash stations should be located near areas where this product is being handled.

**Respirator Protection:** None required under normal circumstances. If operations generate aerosolized vapor in excess of the guidelines listed in Section 3 (Composition/Information in Ingredients), a NIOSH approved respirator should be worn or other particulate air filtration (that complies with Federal OSHA Standard (29 CFR 1910.134), and other applicable U.S. State regulation or the standards of Canada and its Provinces) may be needed.

**Eye Protection:** Splash goggles, face shield, or safety glasses.

**Hand Protection:** Neoprene or other gloves may be worn, but are not necessary.

**Other Protective Clothing or Equipment:** None Required.

### Section 9 Physical and Chemical Properties

Vapor Density: NA	Sp Gravity: 1.00 kg/L	Solubility in water: soluble	pH: ~3
Vapor Pressure: NA	Odor Threshold: NE	Coefficient of Oil/Water Distribution (Partition Coefficient): NA	

Melting Point: -5°C	Boiling Point: 95°C	Evaporation Rate: NA	Appearance: Light blue, light yellow, or clear liquid
How to Detect this Substance: The appearance and odor of this product may act as a distinguishing characteristic. Clear, light blue, or light yellow solution. Foams when shaken. A peppermint-herbal odor may be present.			

<b>Section 10 Stability and Reactivity</b>	
Shelf life: At least 2 years from date of manufacture at room temperature (18-32°C).	
Conditions to Avoid: Strong Acids, Bases, and Oxidizing agents. Keep from Freezing.	
Hazardous Polymerization: None	
Hazardous Decomposition Products: Acid Vapors, Carbon Dioxide, Carbon Monoxide	

<b>Section 11 Toxicological Information</b>			
Most Likely routes of exposure: Ingestion, Inhalation, Skin and Eye Contact			
Inhalation: This material is a liquid. May cause respiratory tract irritation. Breathing small amounts of this material is not likely to be harmful.			
Ingestion: Not known. May cause gastrointestinal discomfort or irritation			
Eyes: Not known. Spraying liquid in eyes can cause eye irritation or damage. DO NOT PUT IN EYES			
Skin: Not known. May cause skin irritation. Take precautions to avoid prolonged exposure. Wash hands after use.			
<b>Component: Acute Toxicity</b>	<b>LD50 Oral</b>	<b>LD50 Dermal</b>	<b>LC50 Inhalation</b>
This product contains no substances which at their given concentration, are considered to be hazardous to health.	> 5g/kg (estimated)	> 2g/kg (estimated)	NA
Chronic Toxicity: IARC / NTP / OSHA: This product contains no ingredients at 0.1% or greater that is listed as a human carcinogen.			

<b>Section 12 Ecological Information</b>	
Environmental Stability: The majority of this material is biodegradable. Hazardous degradation products are not likely.	

<b>Section 13 Disposal Considerations</b>	
Do not reuse empty containers. Waste disposal must be in accordance with U.S. Federal, State and Local Regulation or those of Canada and its Provinces. This product, if unaltered by use, may be disposed of by treatment at a permitted facility or as advised by your local hazardous regulatory authority.	
U.S. EPA Waste Number: Not applicable	

<b>Section 14 Transportation Information</b>			
THIS MATERIAL IS NOT HAZARDOUS PER 49 CFR 172.101 - Ships as Non-Hazardous - Not a DOT controlled material			
Proper Shipping Name: NA	Hazard Class Number and Description: NA		
UN Identification Number: NA	Packing Group: NA	DOT Label (S) Required: NA	
2012 Emergency Response Guide Number: NA		Transport Canada TDG Regulations: This material is not considered dangerous goods.	
Marine Pollutant: No (per 49 CFR 172.101 appendix B)			
Harmonized System (HS) code: 340212	Harmonized Tariff System (HTS) code: 3402.12.10.00	Schedule B Number: 3402.12.1000	

<b>Section 15 Regulatory Information</b>		
Reporting Requirements: The components of this product are not subject to the reporting requirements of U.S. Superfund Amendments and Reauthorization Act (SARA), Title III, Sections 302, 304, and 313.		
US TSCA Inventory Status: The components of this product are listed on the TSCA Inventory.		
California Proposition 65: This product does not contain chemicals known by the State of California to cause cancer.		
WHMIS: Not Regulated		
National Fire Protection Association (NFPA)	Homeless Management Information Systems (HMIS)	Personal Protective Equipment (PPE)
Health: 0	Health: 0	For manufacturing/handling large volumes: Gloves and Safety Glasses may be worn
Flammability: 0	Flammability: 0	For use/handling small volumes: PPE is not required
Reactivity: 0	Physical Hazard: 0	
Specific Hazard: None	PPE: B	

<b>Section 16 Other Information</b>	
This SDS is provided as a courtesy to our customers. OSHA does not require nor encourage employers to maintain SDSs for non-hazardous chemicals. Consequently, an employer is free to discard SDSs for non-hazardous chemicals.	
Waiver: The above information is believed to be correct, but does not purport to be all inclusive. This data should be used only as a guide in handling this material. OOPSEY POOPSEY/St. Gabriel Organics shall not be held liable for any loss, damage, injury, or expense resulting from use, handling, or from direct contact with this product.
